Goldman School of Public Policy
2607 Hearst Ave., 309
Berkeley, CA 94720

Department of Statistics
3300 Hearst Ave, 3387 Gateway
Berkeley, CA 94720

Employment

Academic appointments

UC Berkeley, Goldman School of Public Policy and Department of Statistics

2021 – Associate Professor
2015 – 2021 Assistant Professor

Other employment

2023 – Adobe, Research Consultant
2022 Google Brain, Visiting Researcher
2016 – 2026 EveryDay Labs, Co-Founder (acquired, 2026)
2011 – 2017 Harvard Kennedy School Government Performance Lab
2010 – 2011 White House Office of Management and Budget, Special Assistant to the Director
2009 – 2010 Center on Budget and Policy Priorities, Research Associate

Education

2011 – 2015 Ph.D., Statistics, Harvard University
2007 – 2009 M.Sc., Applied Statistics, Oxford University
2003 – 2007 B.A., Applied Mathematics and Political Science, Yale University

Publications

(‡ indicates current/former research group student, postdoctoral fellow, or intern)

Refereed journal articles and conference proceedings

71. Shen, A. A.‡, Ben-Michael, E.‡, Feller, A., Keele, L., and J. Murray (2026). "Forest Kernel Balancing Weights: Outcome-guided features for causal inference," *Statistics in Medicine*, 45(20–22): e70720.

Grants

Grants as PI or co-PI

[co-PI] Arnold Ventures ($99,278), "A planning study to evaluate the impact of juvenile justice services using officer referral tendencies," 2025 – 2026.

[PI] National Institutes of Health ($199,994), "The fertility, maternal health, and infant health consequences of reproductive policy change: R01 supplement," 2025 – 2026.

[co-PI] Institute of Education Sciences, US Department of Education ($899,779), "Statistical Innovations for Balancing Weight Methods in Education Research," 2024 – 2027.

[co-PI] National Science Foundation ($3,000,000), "NSF Research Traineeship: Computational Research for Equity in the Legal System," 2023 – 2028.

[PI] Institute of Education Sciences, US Department of Education ($896,026), "Improving methods for policy impact evaluation with group panel data in education research," 2020 – 2024.

[PI] Hellman Family Foundation ($57,185), "What works in reducing gun violence? Assessing methods for estimating impacts of gun policy changes," 2019 – 2020.

[co-PI] National Science Foundation ($1,908,227), "Research and training grant: Advancing machine learning — causality and interpretability," 2018 – 2023.

[co-PI] Institute of Education Sciences, US Department of Education ($803,246), "Understanding and measuring treatment effect heterogeneity in large scale experiments and pseudo-experiments in education," 2015 – 2018.

[co-PI] Omidyar Network ($99,875), "The Taxpayer Receipt in the United Kingdom," 2014 – 2015.

Other grants as PI or co-PI: UC Berkeley Institute for Research on Labor and Employment (2015, 2019, 2020); UC Berkeley Opportunity Lab (2019); Harvard University Foundations of Human Behavior Initiative (2014).

Additional funded research

Arnold Ventures, "Evaluating the Intended and Unintended Effects of Opioid Prescribing Cap Policies," 2019 – 2021.

Institute of Education Sciences, US Department of Education, "Exploring the role of access to school-based pre-kindergarten in promoting equity in enrollment and academic outcomes," 2018 – 2020.

Spencer Foundation, "Using emerging methods with existing data from multi-site trials to learn about and from variation in educational program effects," project personnel, 2014 – 2017.

Select other technical advisory roles: US Department of Labor, America's Promise Job-Driven Grant Program evaluation; Get Ready Guilford Initiative; Baby's First Years research consortium; UK Medical Research Council, BISECT working group.

Select honors and fellowships

2025 Outstanding statistical application award, American Statistical Association

2025 Mid-career award, American Statistical Association Social Statistics Section

2025 Invited to read "Augmented balancing weights as linear regression" before the Royal Statistical Society Research Section (with D. Bruns-Smith, O. Dukes, and E. Ogburn)

2023 Committee of Presidents of Statistical Societies (COPSS) Emerging Leader Award

> *"For ground-breaking research in causal inference and program evaluation; for bridging statistics, public policy, and education research; and for commitment to building a more inclusive field."*

2022 Society for Research on Educational Effectiveness, Early Career Award

2019 Hellman Family Foundation Award

2019 Introductory Overview Lecture, Joint Statistical Meetings (with J. Hill)

2019 Outstanding Paper, *Journal of Research on Educational Effectiveness*

2018 Spencer Foundation/National Academy of Education Postdoctoral Fellowship

2017 Regents' Junior Faculty Fellowship, UC Berkeley

2016 AERA Award for Outstanding Publication in "Advances in Methodology"

2015 American Statistical Association Student Paper Competition Award

2015 Thomas R. Ten Have Award, Atlantic Causal Inference Conference

2014 Julius B. Richmond Fellowship, Harvard Center on the Developing Child

2014 Taubman Center Urban Dissertation Fellowship, Harvard Kennedy School

2013, 2014 Certificate of Distinction in Teaching, Harvard University

2011 Smith Family Graduate Science and Engineering Fellowship, Harvard University

2011 James Mills Peirce Fellowship, Harvard University

2008 Prize for Graduate Distinction, Lincoln College, Oxford

2008 Friedmann Endowed Prize in Music, Lincoln College, Oxford

2007 Rhodes Scholarship

2006 Phi Beta Kappa, Yale University

Teaching

Courses taught at UC Berkeley

Statistics for Program Evaluation (PP 249): Fall 2016, 2017, 2019, 2020, 2021, 2023, 2024, 2025, 2026

Case Studies in Prediction, AI, and Public Policy (PP 290): Fall 2025

Advanced Topics in Causal Inference (Stat 260): Spring 2025, Fall 2026

Causal Inference Group (Stat 298): Fall 2016 – Present

Data Science for Public Policy (PP 290): Fall 2017, Spring 2020, Fall 2020, Spring 2022, Spring 2024

Core Data Analysis and Visualization Workshop (PP 297): Fall 2016, Fall 2017

Analytics for Government and Policy (PP 290): Spring 2016

Short courses

Panel Data Methods for Policy Evaluation in Education Research, SREE April 2021

Heterogeneous Treatment Effects, SREE March 2019 (with Luke Miratrix)

Principal Stratification, SREE March 2017, NYU June 2014 (with Lindsay Page)

Professional service
